NEDEN DOKUSU DOĞADAN?

İnsanlara ve evlerinde kullandıkları ürünlerin doğal olmasına çok önem veriyoruz.

Günlük hayatta kullanılan ürünlerin insan sağlığına ve paylaştığımız çevreye olan etkilerini göz ardı edemiyoruz.

O yüzden ürünlerimizde size sağlığı, saflığı, güveni ve doğadan geleni sunmak istiyoruz.

Bu dünya bizim!

WHY NATURAL BLEND?

We care people and what they use in their homes.

We care nature that we share with all living beings.

We cannot ignore the fact that the materials we use everyday affect our nature, our future.

Therefore, we aim toserve pure, safe and natural materials in our collections.

This is our world!

DOKUSU DOĞADAN HALILAR

- ortamdaki fazla nemi alır, gerektiğinde geri verir.

- sentetik ipliklere nazaran daha az toz tutar, nefes alır.

- koku yapmaz, koku barındırmaz.

- antistatiktir. Sentetik ipliklerle üretilmiş halılar gibi statik elektriklenmeye sebep olmaz, vücudu korur.

- ateş karşısında tutuşma hızı diğer halılara (akrilik, polipropilen ve diğerleri) nazaran daha düşüktür, alev almaz.

NATURAL BLEND COLLECTIONS

- balance the humidity in the environment.

- breathes and gather less dust than synthetic fibers.

- don't cause and contain bad odor.

- are antistatic and don't cause electrification like synthetic fibers, and protect health

- don't catch fire as fast as the rugs with synthetic fibers.

ÖZEL TEZGAH HALILARIMIZIN DOKUMA HİKAYESİ

Uşak bölgesindeki kadınların maharetli elleri ve eski dokuma tezgahlarının beraber çalışmasındaki eşsiz uyum..

Maharetli eller uzun zaman gerektiren üretim sürecinin her aşamasında halılar ile tek tek ilgilenir, dokumadan yıkamaya kadar her aşamada gösterdikleri özen ve emek ile yüksek standartta eşsiz halılar ortaya çıkarırlar.

Üretimdeki makine kullanımı sadece halıdaki düğümlerin takılması ile sınırlandırıldığı için her halı el halısı gibi özgün bir şekilde üretilir.

Tarzı ile geçmişi günümüze taşıyan özel tezgah halıları yüksek kalite yün ve bambu ipliği gibi doğal malzemeler ile dokunarak son derece dayanıklı olmanın yanı sıra eşsiz bir parlaklığa sahip olurlar.

GENEL HALI BAKIMI

Halınızın ilk günkü şıklığını koruması için aşağıdaki unsurlara dikkat edilmesi önerilir.

- Düzenli temizlik halıların ilk günkü gibi yumuşak ve pürüzsüz görünmesini sağlar.

- Halınızı çırpmamalı, dövmemeli, elektrik süpürgesinin fırçasız uçları ile mümkünse her gün süpürmelisiniz.

- Halınızı ev şartlarında yıkamamalı, naturel sabun kullanarak sıcaklığı 30 dereceyi geçmeyen su ve yumuşak bir bez yardımı ile silmelisiniz.

- Halınızı silerken dairesel veya ileri geri hareketlerden kaçınmalı, hav yönüne göre silmelisiniz.

- Temizledikten sonra, halınızı yere serili olarak kısa sürede kurutmalı, ıslakken kullanmamalı ve direkt güneş ışığından korumalısınız.

- Genel temizlik için halı yıkama konusunda uzman profesyonel firmalardan yardım almalısınız.

- Halınızın üzerine koyduğunuz sehpa, koltuk vs. eşya var ise iz yapmaması için yerlerini düzenli olarak değiştirmeli, vakumlu temizlik uygulamalısınız.

- Halınızı kullanmadığınız zamanlarda rulo halinde, rutubetsiz bir ortamda saklamalısınız.

GENERAL RUG CARE

In order to use your carpet with first day look, you should take following instructions in consideration:

- Cleaning the carpet everyday will make your carpet look shiny and smooth.

- The carpet should not be beaten during cleaning, it should rather be cleaned using a powerful vacuum cleaner preferably every day.

- The carpet should not be washed in home conditions. You can wipe your carpet with natural soap and a soft cloth. In wiping process the water should not be hotter than 30 centigrade degree.

- The carpet should be cleaned regarding its pile direction. You should avoid using circular or front back movements during cleaning.

- After cleaning, you should dry the carpet on the floor quickly. The carpet should not be used wet and also should not be left under direct sunlight.

- For general cleaning, the support of professional firms can be received.

- The items (sofa, table, etc.) on the carpet can leave trace, to prevent it the location of the carpet or objects should be changed in certain intervals.

- When you don't use your carpet, it should be kept in roll in moisture-free environment.

ÖRGÜ HALI BAKIMI

Genel Kullanım
- Halınız silkelenebilir ve elektrik süpürgesinin fırçasız ve yumuşak uçları ile nazikçe süpürülebilir.
- Halınızın üzerinde kullanılacak ağır veya sivri ayaklı eşyaların halıya kalıcı olarak zarar vermemesi için eşya ayaklarında keçe benzeri tampon kullanılmalıdır ve periyodik olarak halı yönü yada eşyaların yeri değiştirilmelidir.
- Yoğun trafiğe ve ayakkabı ile kullanıma maruz kalacak bölgelerde örgü halıların kullanılması halı iplerinde sertleşme ve ezilmeye sebep olabilir.

Leke Çıkarma
Eğer halınıza bir şey dökülürse çok hızlı bir şekilde harekete geçilmelidir.
- Bu gibi durumlarda öncelikle sıvı dağılmadan kağıt havlu ile tampon uygulanarak fazla sıvı emilmeli, kesinlikle ağartıcı kimyasal içeren temizlik maddeleri (çamaşır suyu gibi) kullanılmamalıdır.
- Sıvının döküldüğü alan tampon uygulamasından sonra nemli bir bez yardımı ile silinmelidir.
- Silme işlemi lekeyi dağıtmayacak bir şekilde olmalı; dairesel ve sert ovma işlemlerinden kaçınılmalıdır. Silerken uygulanacak sert ovma işlemleri iplerin büküm ve örgü formuna zarar verebilir.
- Temizlenen bölge tamamen kuruyana kadar üzerine basılmamalıdır.

Derin Temizlik
• Halınızın derin temizliği için profesyonel kuru temizleme merkezlerinden destek alınmalıdır. Temizleme işleminde Kostik içeren ağır kimyasallar kullanılmaması vurgulanmalıdır.

BRAIDED RUG CARE

Everyday Use
- The rug may be beaten during cleaning, it should be cleaned using a powerful vacuum cleaner preferably every day.
- The items (sofa, table, etc.) on the rug can leave trace, to prevent it the location of the rug or objects should be changed in certain intervals. Using felt under the object can help reducing pressure on the rug.
- High traffic may deform the braids.

Stain Removal
If something is spilled on your rug you must act quickly!
- Use a knife or a spoon to remove as much as possible of the excess spillage - always work from the edge of the stain towards
the center.
- Use a clean white cloth to dry the stain. Dab it with cold water.
- Pat the stain dry with a clean cloth – stain should be wiped softly to prevent deformation of braids.
- Wait until the stained area is completely dry.
- Make sure nobody walks on the treated rug surface for at least the next 24 hours.
- Never use soap or detergents which have high chemicals substances.

Deep Cleaning
- You should take support from professional dry cleaners. The company should be informed that high chemical detergents can harm the fur.

NATUREL MALZEME İLE DOKUNAN HALILAR NASIL TEMİZLENMELİ?

SIVI DÖKÜLMESİ

1. Sıvı döküldüğünde olabildiğince hızlı hareket edilmeldir.

2. Dökülen sıvı temiz bir kağıt havlu ile halıya tampon yapılarak halıdan olabildiğince alınmalıdır.

KATI DÖKÜLMESİ

1. Katı döküldüğünde olabildiğince hızlı hareket edilmeldir.

2. Dökülen katı dağıtılmadan çatal veya kaşık ile dışarıdan merkeze doğru toplanmalıdır.

3. Lekeli bölge su altında en az 1-2 dakika tutulmalıdır.

4. Kimyasal içermeyen doğal beyaz sabun köpürtülmelidir.

5. Sadece sabunun köpüğü kullanılarak lekeli bölge sabunlanmalıdır.

6. Sabun halıdan iyice arındırılmalıdır.

7. Halınızın iplikleri hav yatım yönünde yatacak şekilde elinizde sıyırılarak fazla su halıdan atılmalıdır.

8. Halınız temiz ve kuru bir yere serilmeli; fazla su temiz bir kağıt havlu ile tampon yapılarak alınmalıdır.

9. Halınızın ipliklerini hav yatım yönünde yatırmalı ve direk güneş ışığından koruyarak kurumaya bırakmalısınız.

SIK YAPILAN HATALAR

1. Kimyasal Kullanımı

Kimyasal kullanımı doğal ipliklere zarar vererek renk açılmasına neden olur !

2. Yanlış Silme

Viskon, yün, bambu, floş gibi doğal iplikler çok ince elyafların bükümünden oluşur. Temizlik sırasında yapılacak dairesel sert silmeler ya da aşırı basınçlı ovmalar, bu bükümleri açabilir. Açılan iplerin dik durma mukavemeti yok olduğunda, ezilen elyaflar birbirinin içine geçerek halk dilinde "keçelenme" adı verilen görüntüye yol açabilir.
